Project Management	<b>NEW!</b> Project Management: Foundation & Kickstart (1 day)
	Project Management Masterclass (4 days)
	<b>NEW!</b> Project Management Practitioner Booster (2 days)
	Project-based Work in a R&D Environment (2 days)
	Survival Crash Course in Idea Generation (1 day)
	Advanced Leadership Program (6 days)
	Leadership in Product Innovation (5 days)
	<b>NEW!</b> Lean Six Sigma for Management (2 days)
Product- and Process Development	Green Belt Six Sigma (6 days) 
	Green Belt to Black Belt (8 days)
	Black Belt Design for Six Sigma (12 days)
	Master Black Belt (6 days)
	FMEA (Failure Mode & Effect Analysis) Facilitator (4 days)
	Data Science for Engineers (4 days)
	<b>NEW!</b> Data Science for Reliability (2 days)
	One Day Workshop Lean Yellow Belt (1 day)
Reliability	RF1 Life Data Analysis and Reliability Testing (6 days) 
	RF2 Analytical Reliability Methods and System Reliability (5 days)
	RF6 Software Reliability (3 days)
	RF9 Physics of Failure (4 days)
	RF10 Problem Solving through Statistical Engineering (5 days)
	RF12 Electronics Reliability (2 days)
	RF13 Reliability and Data Science (2 days)
	One Day Workshop Reliability (1 day)
	One Day Workshop Root Cause Analysis (1 day)
MedTech	Fundamentals in Medical Device Development (3 days)
	One Day Workshop IVDR Invitro Diagnostics training (1 day)
	CE Certification of your Medical Device – A Practical Guide (1 day)
	<b>NEW!</b> Clinical Evaluation and Data Analysis during Medical Device Life Cycle (1 day)
	<b>NEW!</b> One Day Workshop Voice of the Customer (1 day)

**Exams 2024**  
Six Sigma and Reliability

March 26 / June 18 / November 26

Holland Innovative training locations are based in Eindhoven and Enschede. Other training locations are optionally available.

## User Groups

**Project Management**  
Annual subscription for **2 sessions**

**Six Sigma**  
Annual subscription for **2 sessions**

**Reliability**  
Annual subscription for **4 sessions**

**QA/RA**  
Annual subscription for **3 sessions**

## Certification

Holland Innovative Academy has certification programs for most courses. More information, including certification requirements, can be found at **www.holland-innovative.nl/academy**.

Get more insights into what Holland Innovative's experts have to say to stay on top via **www.holland-innovative.nl/blog** and follow us on **LinkedIn**.

## Drinks, Pitches & Demos

Do you have a really cool idea or dilemma that you want to share? Perhaps you're looking for a solution to a challenging technological problem? Join Drinks, Pitches & Demo's, **every first Wednesday of the month** with drinks and demos for start-ups, innovators, and inspired professionals.

The complete overview of all dates and locations can be found on our website:

**holland-innovative.nl/academy**

# Welcome at the HI-Academy

Holland Innovative: strengthening your organization and fostering growth through competency development.

Collaborating with esteemed centers of expertise such as Eindhoven University of Technology, Twente University, Delft University of Technology, and the University of Stuttgart, we curate course programs and workshops in Project Management, Product & Process Development, and Reliability Engineering.

Our training solutions encompass both open-enrollment and in-company options, tailored to align with your organization’s specific needs and strategic goals. We recognize that practical experience is paramount for optimizing effectiveness. Whenever possible, we delve into your own cases and data during our courses, or offer on-the-job coaching and project involvement for a deeper exploration.

To fast-track your learning curve, we facilitate regular User Groups and provide proactive support in applying newfound knowledge to your projects.

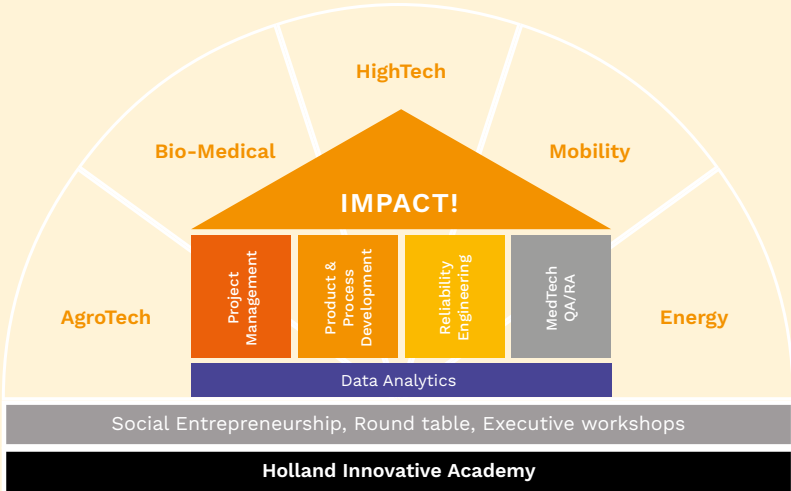

## Holland Innovative Academy

The Holland Innovative Academy offers courses and workshops that are available both as open courses as well as in-company courses. The focus of the courses and workshops is in the field of:

- Leadership
- Project Management
- Design for Six Sigma • Data Science
- Reliability Engineering and Root Cause Analysis
- MedTech

## The Expertise of the Holland Innovative House and our knowledge network

Holland Innovative is a professional platform dedicated to sharing knowledge for growth. Our experts offer support for delivery-based projects, interim support, consulting, and coaching, to boost your innovation. We emphasize knowledge sharing, and building a strong, mutually beneficial network with our partners. Our network provides high-level knowledge sessions for organizations seeking product improvement, lifecycle prediction, or faster market entry using various methodologies.

Our knowledge network

## Contact & Enrollment

Are you prepared to advance in your professional journey and explore your field in greater detail? If so, please get in touch with us or visit our website. Our website provides details on course start dates, locations, instructors, and course content.
