Each participant will get one unit of 1x1x1 meter on the Start-up & Innovation square to be able to present his start-up or innovation. In total covering 4m2. exhibition space. If needed you can subscribe for 2 units equivalent to 8 m2. Also it's possible to have an open space if you like to take your complete machine with you instead of placing it on the cubic blocks.

The theme of Hannover Messe 2017 is Creating Value – Integrated Industry. Regarding start-ups we are in preparation together with HighTechXL, High Tech Campus, EY and famous others with organizing a big start-up event, also connected to corporates, goal is increasing network and contact possibilities for start-ups and innovators with maximum possibilities to find potential customers and/or investors.

After subscription you will be informed about the different activities and also the marketing system of the Hannover Messe to be able to be found by potential customers as well as the webinars to be able to support you in a proper preparation to have maximum benefit of this biggest industrial fair in the world.

We like to ask you already to prepare the short description of your company (max 100 words) and send also your logo in .pdf, .eps or .ai format for marketing purposes (e.g. brochure of participants) (max 2000kb).

There are also a lot of possibilities for press articles, pitches and other marketing possibilities. Please indicate below if you like to be informed about those possibilities..
