

ACADEMY CURRICULUM

2021

TRAINING

Category	Course	Location	Price	Instructor
Project Management	Project Management Masterclass (4 days)	EHV ENS	€ 3450	Ir. Roel Wessels Holland Innovative
	Project Based Working (2 days)	EHV	€ 1450	Ing. Bert van Appeven Holland Innovative
	NEW! Project Management & Leadership for Data Scientists (4 days)	EHV	€ 2990	Prof. Dr. Jeroen de Mast Ir. Roel Wessels Holland Innovative
Product- and Process Development	NEW! Data Science for Green Belt/ Black Belt (4 days)	EHV	€ 2990	Prof. Dr. Jeroen de Mast Dr. Ir. Jerry de Groot Holland Innovative
	Green Belt Six Sigma (6 days)	EHV ENS	€ 3500	Marcel Logger MSc Ing. Theo de Goede Holland Innovative
	Green Belt to Black Belt (8 days)	EHV	€ 4650	Marcel Logger MSc Ing. Theo de Goede Holland Innovative
	Black Belt Design for Six Sigma (12 days)	EHV	€ 6950	Marcel Logger MSc Ing. Theo de Goede et al Holland Innovative
	MBB Masterclass (6 days)	EHV	€ 4650	Prof. Dr. Jeroen de Mast, et al Holland Innovative
	FMEA (Failure Mode & Effect Analysis) Facilitator Training (4 days)	EHV	€ 2990	Marcel Logger MSc Ir. Dorien Lutgendorf, et al Holland Innovative
	RF1 Life Data Analysis and Reliability Testing (6 days)	EHV	€ 4350	Ing. Ronald Schop Dr. Ir. Coen Smits Holland Innovative
Reliability	RF2 Analytical Reliability Methods and System Reliability (5 days)	EHV	€ 3500	Ir. Elly van den Blik Holland Innovative
	RF6 Software Reliability (3 days)	EHV	€ 2300	Ir. Bryan Bakker Sioux
	RF9 Physics of Failure (4 days)	EHV	€ 2990	Dr. Ir. Anton van Beek TU Delft Dr. Ir. Coen Smits Holland Innovative
	RF10 Problem Solving through Statistical Engineering (5 days)	EHV	€ 3500	Dr. Ko Dousma Dr. Ir. Coen Smits Holland Innovative
Medtech	Fundamentals in Medical Device Development (3 days)	EHV ENS	€ 2300	Lisette van Steinvoren MSc Ton Meek BSc, et al Holland Innovative
	NEW! CE Certification of your Medical Device – A Practical Guide (1 day)	EHV ENS	€ 795	Jolande Koobs MSc Lisette van Steinvoren MSc Holland Innovative
	NEW! Medical Device Software (1 day)	EHV ENS	€ 795	Jolande Koobs MSc Holland Innovative

EXAMS 2021

March 25 | June 21 | November 22

Holland Innovative training locations are based in Eindhoven , Enschede . Other training locations are optionally available.

ONE DAY WORKSHOPS

In addition to the training, One Day Workshops are organized to give an introduction on different subjects as well as several guidelines to be used in daily practice.

Lean Yellow Belt

€ 795 **Marcel Logger MSc**

Data Science & Reliability

€ 795 **Ir. Dorien Lutgendorf**

Reliability

€ 795 **Ing. Ronald Schop**

Root Cause Analysis

€ 795 **Dr. Ir. Coen Smits**

COMMUNITY

Every month we organize **Drinks, Pitches & Demos** in the Brainport area. This event is a platform where start-ups can give a pitch, companies can share new ideas or ask for help from colleagues.

More info: www.drinksitchesdemos.com

CERTIFICATION

Holland Innovative Academy has certification programs for most courses. More information on the certification programs including certification requirements can be found at www.holland-innovative.nl/academy

To get the latest updates, subscribe to our newsletter via www.holland-innovative.nl/en/newsletter and follow us on [LinkedIn](https://www.linkedin.com/company/holland-innovative).

RELIABILITY SEMINAR

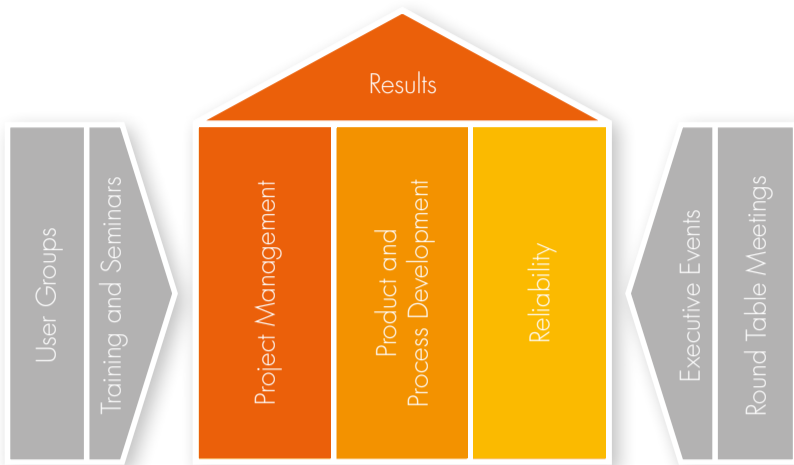

In 2021 Holland Innovative is hosting a seminar on Data Science for Reliability and Root Cause Analysis. It will be a mixed bag of presentations, panel discussions, executive round tables and matching events, all centred around our main theme. There will also be plenty of time to get together, to meet each other over drinks and to enjoy some of the engineering highlights the Eindhoven region has to offer. Check out our website for details!

The complete overview of all dates and locations can be found on our website: www.holland-innovative.nl/academy

THE HOLLAND INNOVATIVE HOUSE AND OUR KNOWLEDGE NETWORK

Holland Innovative is a true platform of professionals where sharing knowledge to increase growth for its relations is essential. We strongly believe in cross-fertilization; by sharing knowledge and information between our professionals and our partners a strong network is created that is mutually beneficial and productive.

Together with our network of partners we are able to provide high level knowledge sessions for professionals of any organization that aims to either create a more robust product, to predict the lifespan of its products & systems or to speed up the market introduction by using different methodologies.

OUR KNOWLEDGE NETWORK:

WELCOME AT THE HI-ACADEMY

Holland Innovative helps to develop the competencies of you and your colleagues to strengthen your organization and create growth.

Hans Meeske (l) and Ivo Aarninkhof (r)
Managing directors Holland Innovative

Together with renowned centres of expertise such as Eindhoven University of Technology, Twente University, Delft University of Technology and the University of Stuttgart we organize training and workshops in Project Management, Product & Process Development and Reliability Engineering. We offer both open enrolment and in company training; tailor-made to fully meet the needs and the strategy of your organization. Coupling these courses with practical experience is important in order to maximise the effectiveness. Where possible, your own cases/data are discussed during our training and/or further explored by coaching on-the-job, project participation and also in the User Groups.

HOLLAND INNOVATIVE ACADEMY

The Holland Innovative Academy offers training and workshops which are offered as open training but can be arranged as in-company training as well. The focus of the training and workshops is in the field of:

- Project Management
- Design for Six Sigma and Data Science
- Reliability Engineering
- Problem Solving by Root Cause Analysis

CONTACT & ENROLMENT

Are you ready for the next step as a professional or would you like to go into your field of practice in more depth? Then please contact us or visit our website. At our website you will find all start dates, locations, teachers and information about the content of the courses.
